

## IPOINT PoE+ and Network Adapter

### Description

CONNECT PoE+ Network Adapter is designed to upgrade the CONNECT PRO BaseStation or WallStation to enable hardwired data and power over PoE+ using a single Cat 5 cable. By providing security of a direct connection to your network and eliminating Wi-Fi dropout, you can be assured your iPad is always charged and connected to your network when attached to an IPOINT CONNECT PRO BaseStation or WallStation.

### Features

- Upgrade connect pro stations or connect mounts to enable hardwired data and power
- Requires only a single cat 5 or 6 cable for both power and data connectivity
- 10/100 network bandwidth
- Power must be provided from a poe+ switch or injector (part number)

note: poe+ switch must be configured to provide a minimum of 30w per port.

### Dimensions

DEPTH: 1.3" (3.3 CM)

HEIGHT: 2.02" (5.13 CM)

WIDTH: 2.02" (5.13 CM)

WEIGHT: 0.12 LBS. (0.05 KG)
