

# Solution Partners

Revel Systems point of sale and business platform enables small business owners and operators to streamline and enhance day-to-day operations.

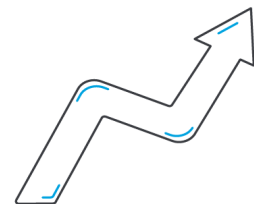

## Connect

Convert leads into opportunities and win business with an industry-leading point of sale.

## Build

Increase your customer count and build your portfolio with Revel's robust point of sale and business management solutions.

## Grow

Grow your business with value-added services and satisfied customers while collecting a steady, predictable revenue stream.

# Revel is looking for partners who share our vision, culture, and passion for customer service to work together to improve customer relationships.

## Why Partner with Revel?

Solution Partners leverage Revel's leading brand and expanding market presence to grow their own businesses. Responsible for managing the entire sales cycle, Solution Partners handle everything from prospect identification through on-boarding, while Revel provides the reliable, market-leading product to drive customers' success. They grow their business by pairing Revel's intuitive point of sale and robust platform with their own industry, sales, installation, and onboarding expertise.

## Solution Partner Certification

Revel's Solution Partner program is designed to set both partners and their customers up for success. Revel provides Solution Partners with comprehensive product training for hardware, software, implementation, and support.
